20+

Years Experience

20+ years of aerospace manufacturing expertise

Customer Focus

Long-term partnership based on trust

100%

Quality & Safety

Advanced metrology & inspection

Global Standard

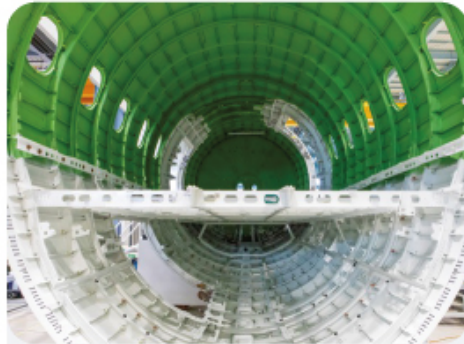

Certified to global standards

OUR CORE CAPABILITIES

Assembly

- Fuselage Structure Assembly
- $\pm 0.0005"$ Closed Tolerance Mill & Bore
- Titanium and Aluminum Machine Milling

- Skin Panel Assembly Auto Riveting
- One Step Drilling - Auto Drilling Unit
- Laser tracker Inspection

Sheet Metal & Machining

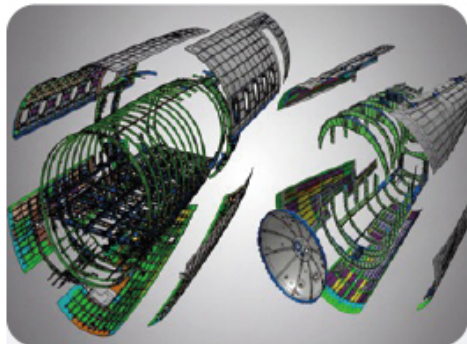

- Skin Stretch, Extrusion Stretch Wrap
- Roll bending, Mechanical Press
- Solution, Aging

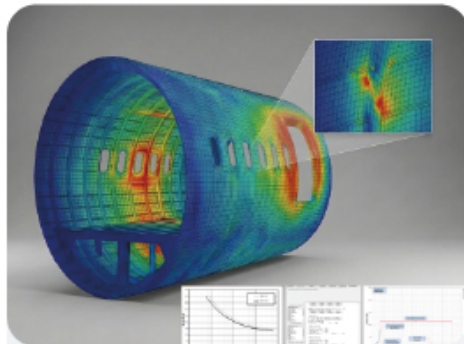

- 5Axis M/C (8.5m X 3.5m)
- Hard Metal Machining
- CMM inspection (8m X 3m)

Design and Analysis

- Aircraft Structural Design
- Material & Process
- Mass Management

- Static & Fatigue Analysis
- NASTRAN, PATRAN, NASGRO
- MRB, IPS (Service Bulletin)

OUR BUSINESS-MAJOR PRODUCTS

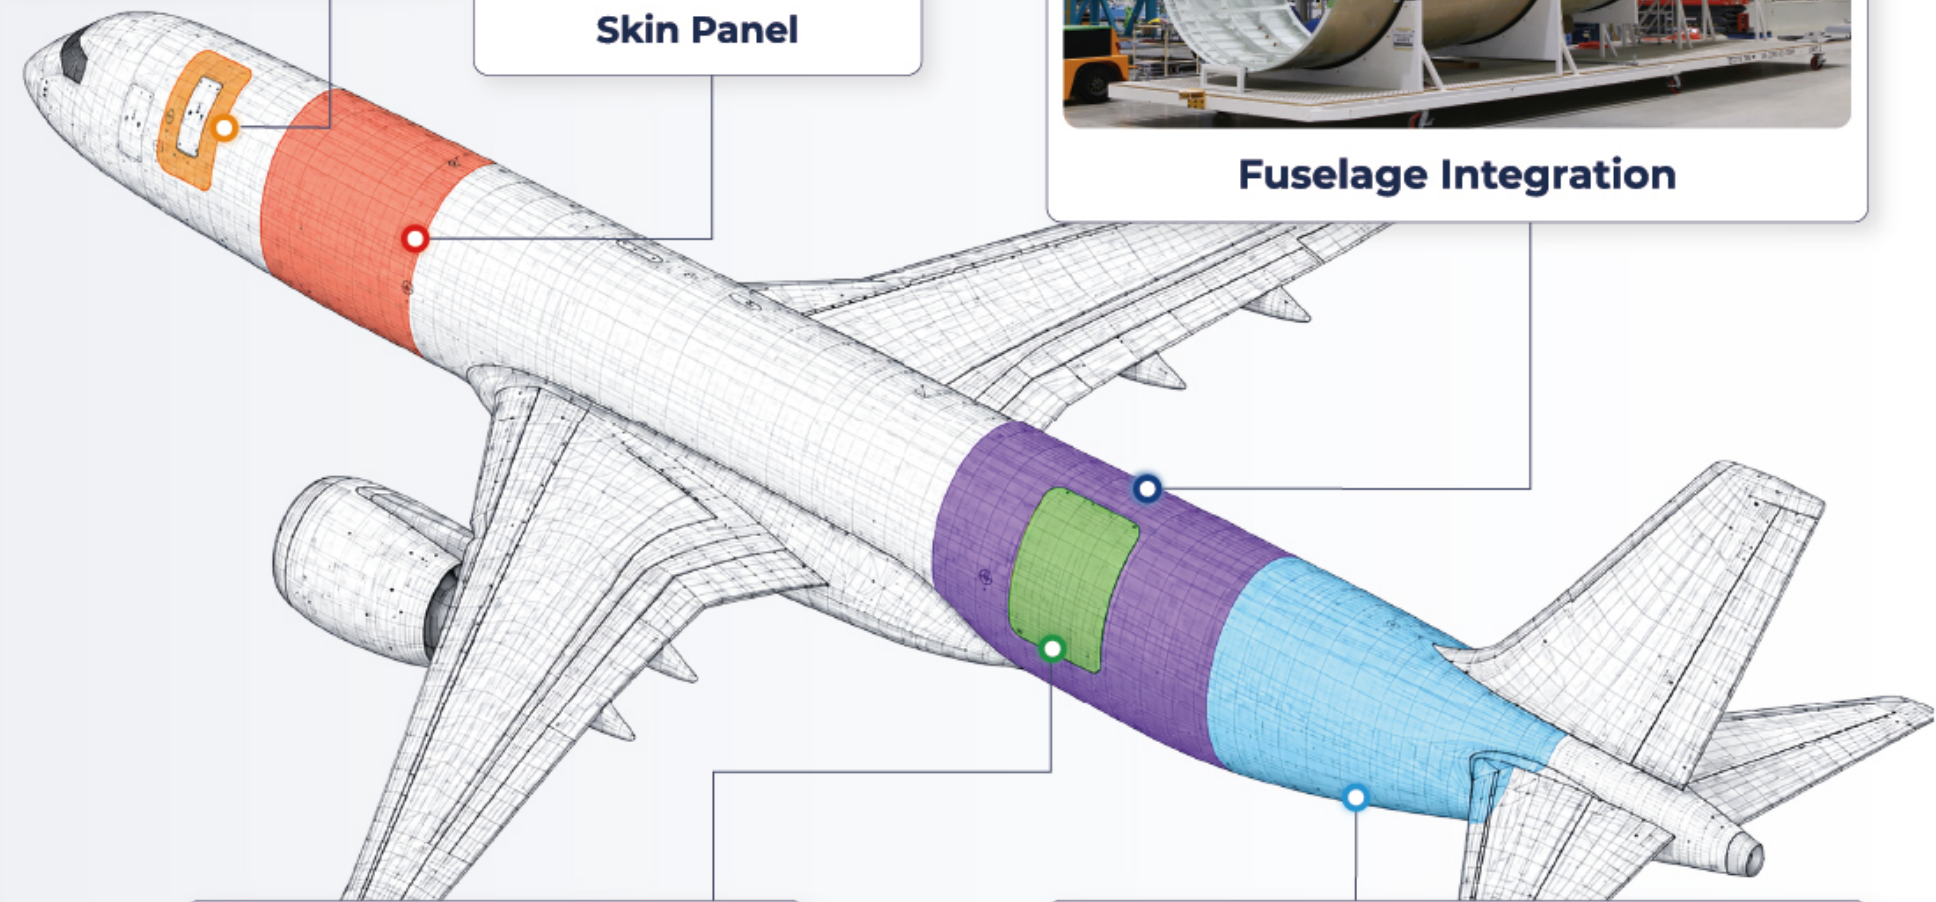

Crew Entry Door Surround Structure

Skin Panel

Fuselage Integration

Main Deck Cargo Door

Section48 Integration
